

## PROFILE

Thank you for considering sponsorship of Warriors Elite Soccer Club. We are a non profit dedicated to serving youth soccer athletes and have done so for over 10 years. Your support allows us to provide instructional services to youth players who may not otherwise have the means to participate. The growth of our club means broader outreach into the community, a very diverse community inclusive of players from 5 continents, for mentorship and bringing fun and success into these young lives.

We are excited to welcome you as a sponsor to our club and will work very hard to see that your sponsorship dollars are used wisely as we partner with you in sharing your message and your brand with all who come in contact with our club. **To commit to a specific sponsorship level or if you have questions please contact us at:**
